

### **Parking to drop/collect children**

Our Nursery is in a residential area, and much of St Paul's Road West and all of St Paul's Road East are private roads. We ask all parents/carers to commit to parking considerately when dropping/collecting children and **under no circumstances** to park illegally on the double yellow lines, even for a short period of time. Also, not to park on the corner of St Pauls Road West and South Terrace; this is both dangerous and illegal.

We also ask parents to take responsibility for ensuring that any childminders/friends who take/collect your children are also aware of and adhere to our policy.

As a nursery and as a church we are committed to the best possible relationships with our neighbours and this is a significant way we can show respect to them.

We will ask parents of all new starters to sign a copy of this policy to signify their understanding and agreement.
